

FR15 Hybrid

**BATTERY POWER
AND POWER SUPPLY
FINALLY TOGETHER
FOR AN UNLIMITED
WORKING TIME!**

FR 15 Hybrid, equipped with a dual power system, represents an important point of reference in the segment of small size scrubber dryers. The modern design guarantees personality, ergonomics and, most of all, small dimensions to clean where other scrubber dryers do not arrive or have difficulty. A functional aesthetics which encompasses a top-notch technical solutions system.

The innovative Hybrid system, which combines power supply with battery power, is able to guarantee the perfect mix between performance, autonomy of use, and prolonged working sessions.

PRODUCT IDENTIFICATION

FR 15 M 38 HYBRID

REF. NO.

14.0050.00

TECHNICAL DATA

Power supply	Battery 24V + Cable 230 V - 50 Hz
Cleaning solution / Recovery tank	l 15 / 17
Cleaning width	mm 385
Squeegee width	mm 450

Installed power	W	510
Weight (empty/with batteries)	Kg	40/49,5
Dimensions	mm	865x430x1160

FR15 Hybrid

**ERGONOMIC
HANDLE**

**HYBRID
KIT**

**PERFECT ADJUSTMENT
OF THE HEAD**

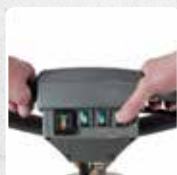

HYBRID SYSTEM

Unlimited autonomy and non-stop working sessions thanks to the innovative Hybrid system. More than two hours autonomy with the use of standard lithium batteries and the possibility of switching to the power supply by resorting to the standard 15m cable.

TANKS

The solution tank can be filled easily thanks to its wide in-feed and to its practical standard filling hose. The recovery tank is easy to inspect, to clean and to remove in order to facilitate emptying and transport operations.

HANDLE

Ergonomic and fully adjustable, the handle ensures an easy control of FR 15. The three separate buttons guarantee an immediate and intuitive management of all machine functions.

BRUSH AND EXTERNAL WHEEL ADJUSTMENT

The front knob allows the user to adjust the brush incidence angle on the floor, enabling FR 15 to perfectly adhere to the working surface in any situation, even the most difficult ones, avoiding overloads of the engine and guaranteeing excellent cleaning results. The external wheel allows the user to adjust the height of the head, depending on the kind of working surface, and is also perfect in the parking position.

SQUEEGEE SYSTEM

Compact and placed immediately behind the head, the squeegee system allows FR 15 to bend up to an angle of 270 °, fully covering the water track. In addition to that, FR 15 is equipped with a modern and reliable pedal-operated squeegee lifting system which makes working with the machine even more practical: for perfect drying results even on the most difficult floors and surfaces.

STANDARD ACCESSORIES

TYPE	REF. NO.
15" Polypropylene brush Ø 0.7	40.0008.00
Filling hose	30.0024.00
Front polyurethane blade	39.0070.00
Rear polyurethane blade	39.0071.00
Hybrid Kit	22.0595.00

OPTIONAL ACCESSORIES

TYPE	REF. NO.
15" Polypropylene brush Ø 0,9	40.0108.00
15" Polypropylene brush soft Ø 0,5	40.0408.00
15" Tynex brush grit 240 - Ø 0,9	40.0208.00
Pad holder 355 mm (for 15" pad)	40.1008.00
Front rubber blade	39.0077.00
Rear rubber blade	39.0078.00
Splashguard with bristles	95.0088.00
